COMING TO NORWICH. C.

The definite announcement is made hat the Buffalo Hill (Himself)-101 anch shows will exhibit in Norwich lenday, July 10. The amalgamation fibers two notable shows was one sinday, July 10. The amalgamation these two notable shows was one the amusement surprises of the ason, but the result has justified the interest. For one thing, it means larger and more representative expition, and at the same time it has interested opportunities for introducing g and novel features that would herwise be impossible. Probably the est interesting feature of the conditional interest, has returned the maidle, and actively participates the performances. This in itself ould give the combined shows disnetion. Another fact of unusual insert is the new spectacular military fering, Proparedness, in which the field States war department has been granted a large under of soldiers from the regular may in order that the display may a genuine picturization of Uncle m's defenders.
